

Don Knotts Commemorative

In the wonderful world of artistamps issued by the most estimable but wholly imaginary Empire of Ephemeria you will find fanciful designs that are fun to use. Get ready to be inspired to dream up both tall tales and wonderful art projects! This sheet holds stamps with imprinted stamp-look edges and others with flat edges that can be cut with stamp-edge scissors for an authentic perforated appearance. When printing, experiment with different papers, selecting imaging or other paper with a smooth surface and set your printer for best print quality and smooth paper for the best results. You may stamp on it, layer it, make ATCs with it, print it on transfer paper or transparencies – just use it in your own work.

This artistamp is copyright 2006 Susan Reynolds. Artistamps of Ephemeria are licensed for the personal non-commercial use of the purchaser.
